R. E. QUEEN, Rano Opera House, NASBY ON THE SILVER QUESTION.

CONFEDRIT X ROADS, Wich is in the State of Kentucky, February 23, 1878. The Silver bill don't amount to a soo markee for the Corners. In the first place Bascom hex alreddy put

greater eeze it doesent help us a par-One square fron lines, arguinsection 12 and table, for we never intend to pay em Each also pend insertion 1 no 1 at all. We have a shorter method uv One column on month 25 and declin with bloated bondholders.

Half 1 and 15 and Hepudiashun is jist ez casy an vastly Eighth 4 and 6 more comprehensive, and all embracential entry Alternation tadvettisements much be pair of the first than any sich parshel for in advance in United States coin. Menthly then have recovered at the force tiele, for we never intend to pay em for in advance, in United States coin. Monthly they hev morgages and see iit to fore-a ivertisements may be at the call of the month class let arm. A dearn, man, with close, let em. A dozen men with shotguns kin easily hold the minyuns uv the law at bay, and by the time a dozen or more uv the graspin oppres-sors hev the tops uv their heds blowd the Central Partic Staffrond, east of Sagramento, off, they will begin to remember that

But ez we want to pay, we must be furnisht with sathin to pay in. Silver ain't agoin to do it, for how kin we git silver? Ef our notes wood git silver and other people wood take that silver at any discount, then it wood anser, for ef there is any one thing that a Cross Roader delites in it is givin his note. We wood even go so fur ez to sekoor em by endorsement. I wood enderse Deskin Pog-ram's paper and he wood enderse Harnett & Bro., Clothing and Dry Goods, on Compared in Row and Virgania St.

Borgman, W., Physician and Surgeon, Serminals my tholenders and make om ondstreet. env more contented.

But there ain't no yoose uv falkin ny this. The public lack confidence in us. I don't suppose I cood go to eay av the money centers up the sand dollars on my own name, with the endorsement uv the Deckin. I world and borrow a hundred thounever could find any one more confilling than to lend me \$8.32 at one

What we want is a money that we kin git held uv. El my segestion uv GAPITAL STOCK......\$100,000 makin leather dollars is rejected by a nuwise generashun which Loa't recognize their benefactors, why then let us hey suthin which is at once substanshel and kin be made planty. My plan is this:

Give every corporashub the rite to ishoo jist ex much money ex it wants to, based upon the faith uv the corpoaashon wich ishoos it. For in-stance, the corporation uv Confedrit X Roads ishoos its scrip to jist sich an amount ez it chooses, and dis-tribits it pro rata among its citizens. That scrip shel be legel tender for everything, and any one refeesin to take it shel be immejitly taken out and haug. Some sich legislashen ez that wood be necessary to inspire contidence,

The effeck would be miraculous. Then we wood all hev money, and cood pay the bloatid bondholders without trouble. We shood hev money wich to stimulate enterprise and give the spirit uv progress wich belongs to the Amerikin character full scope to run and be glerified. Then we cood bild railroads, and factries and distilleries, and go on in a way that wood astonish the effete governments uv the Old World. Then wood there come a period uv prosperity onto us that wood make up for the depreshin nv the last four yeers, and things wood be smooth

This is better than the Silver bill, or anything that I know uv. Moonis-Mayers, E., Tobacco and Chars, corner Vissiand bankin is the remedy for our Nathan, M., Clething and Furnishing Store, thing that will save us. Let the Virginia street. Hanushel wees, and it is the only friends of silver abandon their skeem and cum to the support uv mine. Presentt, Ahe, Ciothier, Commercial Row. Silver is only a parshal relief-my resentt J. Dealer in Dry Goods, Commercial Row. With sich money claffor. I cood pay off Bascome and hev cauff Queen. R. E., Druggist, Rene Opera House. to live on to the last day uv my life.
